Overview

Three component hierarchies

Inheriting from the foundation page component

Investigate initial rendering scripts

Component Hierarchies

**Resource type
hierarchy**

**Container
hierarchy**

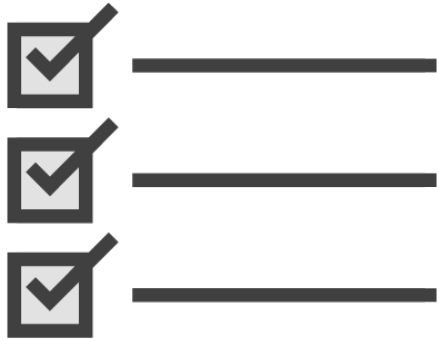

Include hierarchy

Resource Type Hierarchy

Container and Include Hierarchy

Container hierarchy

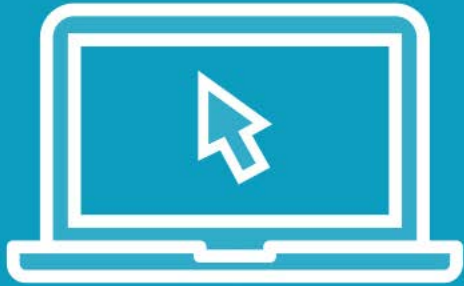

Include hierarchy

Inheriting the Foundation Page Component

Demo

Find `sling:resourceSuperType`

Follow super type path

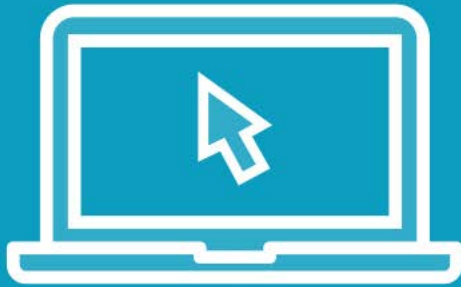

Investigate the foundation page component

Finding the Initial Rendering Script

Demo

Find resource from a request

Build the rendering chain

Summary

Component heirarchies

Inheriting from base components

Investigate initial rendering scripts
